To Parent of **Minelies Morales**:

Over the years, teachers and administrators at Academy of Excellence have found a wide variation in the physical and mental maturity of the children in our school. Some students advance faster than others and need more individual help than others, and some have setbacks due to health and/or other related factors.

After weighing all of the factors, it is our belief that some students will have a better chance for future success if they are given the opportunity socially and academically to prove themselves. It is our feeling that your child should be offered this opportunity.

Academy of Excellence is recommending that your child **Minelies** be retained in the **9th grade** for the 2017-18 school year. This recommendation is based off of the staff's best judgment in reviewing your child's present achievements, one on one conference with parent and student and **Minelies Morales** abilities to function on the appropriate level.

We will need the commitment of everyone involved to make this experience a success. Regularly scheduled conferences, communication and a positive approach will increase the possibility that this will be a rewarding and helpful experience. We will dedicate our efforts to providing alternative instructional strategies in the coming years in order to increase the probability of **Minelies** success. We at AoE wish you the best in all you do and pray that you will continue to do what is expected and morally appropriate.

Respectfully,

South Campus 633 S 12th St; Milwaukee, WI 53204, 414-369-2193
